INDIA'S LEADING ORIGINAL EQUIPMENT MANUFACTURER (OEM)/ ORIGINAL DESIGN MANUFACTURER (ODM) OF WHITE GOODS.

Incorporated in 1990, Amber Enterprises India Limited (Amber or 'the Company') is India's leading Original Equipment Manufacturer (OEM)/Original Design manufacturer (ODM) of white goods.

The Company offers a wide range of products. It manufactures integrated solutions for Room Air Conditioners (RACs), Indoor Units (IDUs), Outdoor Units (ODUs), Split and Window Air Conditioners (SAC and WAC). As part of its backward integration process, it produces critical components like heat exchangers, printed circuit boards ("PCBs"), system tubing, sheet metal parts, motors and injection moulding parts. The Company also strengthened its position by acquiring PICL (India) Private Limited ("PICL"), IL JIN Electronics (India) Private Limited ("IL JIN") and Ever Electronics Private Limited ("Ever") which are into key reliable components viz. motors and PCBs manufacturing.

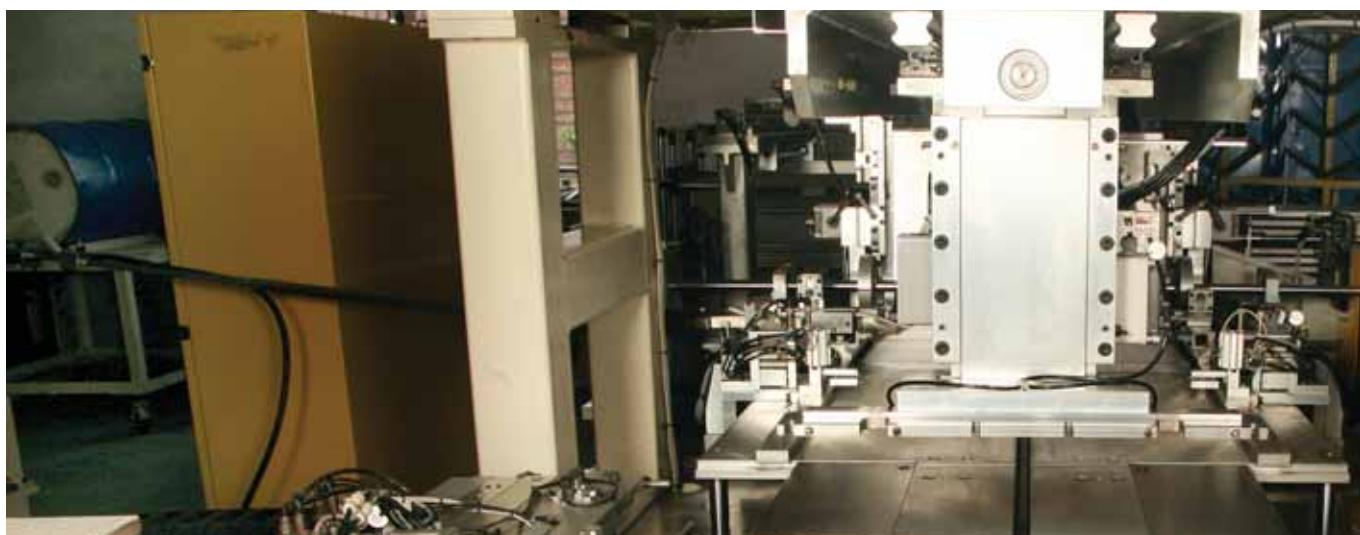

Besides, it also manufactures non-AC components like inner case liners and plastic extruded sheets for refrigerators, washing machine tubs, sheet metal parts and PCBs for refrigerators, washing machine, microwave, automobile etc.

The Company has progressed over the years to become a one-stop solution provider to the major RAC brands in India. It has achieved the position today owing to its reliable supply of critical components in RAC and other consumer durable products.

Today, the Company caters 8 out of top 10 RAC brands in India with its twelve manufacturing facilities across India. Its strong R & D and innovative product design capabilities make it a partner by choice to its customers.

BEING ASSOCIATED WITH THE BEST.

At Amber, we enjoy the majority of the market share in the RAC market, be it the whole unit or a component. We have been associated with 8 out of top 10 RAC brands present in India, capturing 75% market share. Out of these, 5 are MNC brands and the remaining 3 are Indian companies. We are associated with majority of our customers for over five years by now. Our collaborative approach has been of developing new customised products and reducing the logistics cost. This makes us the partner by choice. Besides the domestic customer base, some of our products are also exported to Saudi Arabia, Oman, Sri Lanka, Nigeria and Bangladesh.

INNOVATE, INNOVATE & INNOVATE.

At Amber, we have sensed the demand for smart new electronic products, with the technological world changing the gears. Innovation is a must for handling the market demands.

We constantly strive to deliver forward-looking RAC solutions that provide comfort to the end-user in all respects – be it the cooling factor or be it the economical pricing. One such situation is envisaging the need for inverter ACs and the potential saving benefit it provides to the end user. The acquisition of IL JIN and Ever by us offered the opportunity to leverage the technological knowhow of the inverter ACs. Today, we are one of the few Indian manufacturers with the capability to design and manufacture Inverter ACs.

Our dedicated R&D lab at Rajpura largely drives our ODM business. We have a dedicated team of 36 employees with engineering background, having expertise in the areas of energy efficient designs, simulations and 3D designing, amongst others. Besides, we keep on exploring acquisition opportunities that may allow us to enhance our technological know-how and deliver superior products.

OUR R&D FACILITY is equipped with

- 3-D CAD
- Psychometric lab
- Anechoic sound-proof room
- Reliability test room
- PCB on-off test infra

PICL

'PICL', a subsidiary of Amber, that was acquired in FY13, is an exporter delete leading exporter, manufacturer and supplier of single phase induction motor for air conditioning unit, commercial air conditioners and coolers.

IL JIN

'IL JIN' is India's one of the leading electronic printed circuit board manufacturers for consumer electronics. LG, IFB and LS Automotive are among IL JIN's major clients.

Amber acquired 70% in 'IL JIN Electronics' in FY18. In FY18, 'IL JIN' contributed Rs 100 Crores to Amber's consolidated operating revenue.

EVER

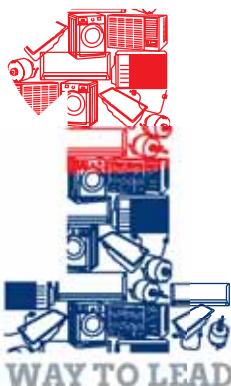

'Ever Electronics' is also India's one of the leading electronic printed circuit board manufacturers for consumer electronics. LG, LS Automotive, Powercraft Electronics, Godrej and Intangibles Labs are among Ever's major clients.

After acquiring a 19% stake in 'Ever' in FY18, Amber is scheduled to acquire balance stake of 51% in Ever by 31 December 2018 in one or more tranches.

INTEGRATING BACKWARDS.

At Amber, we are present across the value chain of manufacturing RACs. Being backward integrated has benefited us in several ways:

COST REDUCTION

In-house manufacturing of AC components enables flexibility and offers cost-effective solutions.

TIMELY DELIVERIES

Strategically located plants of the Company near to the customer clusters allow just in time and cost effective delivery to the customers.

QUALITY

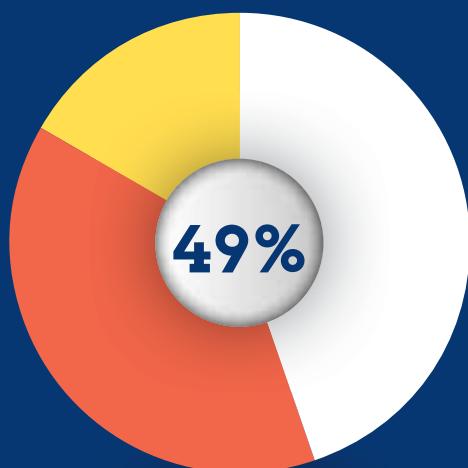

Stringent monitoring of components offers us the benefit of total quality control.

CHAIRMAN AND CEO'S PERSPECTIVE

We are consolidated aggregators. We offer additive manufacturing solutions and add value to customers' requirements.

Dear Shareholders,

Welcome to the Amber family. I express my heartfelt gratitude for believing in our business model and making our IPO a great success. Through this annual report, I take this opportunity to present you our performance snapshot and strategic priorities going ahead.

JASBIR SINGH | Chairman & CEO

Consumption-driven economy

India's GDP growth was recorded at 6.7% for the financial year 2017-18. The temporary slowdown owing to demonetisation and Goods and Service Tax (GST) implementation during the first half of the fiscal, gradually subsided. The Government reforms towards formalisation of the economy, eventually started showing favourable results in the latter half of the fiscal. There was a broad-based growth in the investments as well as consumption patterns. India, once again, started emerging as one of the fastest growing economy with improved rankings in the 'Ease of Doing Business' index. This augurs well for our consumption-driven economy.

The macro insight

At Amber, we enjoy our leadership in the RAC OEM/ODM segment and stand to leverage the under-penetrated market. The Indian RAC market volumes are expected to record a CAGR of 12.8% from FY 2017 to FY 2022 (Source: F&S Report). Due to the current low penetration rate of 5%, it is expected to see as huge opportunity. Besides this, factors such as growing population, increasing disposable income, changing lifestyle trends, shortening of replacement cycle, easy access to credit, longer hot weather conditions, better availability of electricity and energy-efficient RAC models constitute for the industry growth. The domestic manufacturers have an edge over the imports due to their lower lead time and greater flexibility. The Government's thrust on 'Make in India' further supports the momentum.

From luxury to an affordable necessity

AC which was perceived to be a luxury product in earlier years has been the basic necessity for major part of the society. It is now a product linked with desire of comfort living. Factors such as manufacturing of products with finesse and efficiency, easy financing have fuelled the demand further. Many households are even installing multiple air conditioners. The change in the climatic conditions and prolonged summers are further driving the need for an AC comfort. Several schools and office places which were earlier dependent on fans are now installing ACs. The replacement cycle has also come down from an average of 12 -15 years to 7 - 8 years due to the usage pattern of new generation.

Aligning with opportunities

Consider this fact: China produces over 160 million ACs annually as compared to 110 million five years back. At Amber, though we started our journey as a diversified manufacturer of sheet metal components, we eventually ventured into RAC and its components. Over the period, we realised the underlying potential and strategically decided to focus on RAC as our core business.

Today, we have evolved as a company which is the largest functional component supplier as well as the ODM player in the RAC segment. We provide complete integrated solutions at the doorstep of the customers through our 12 facilities across India. We cater to nearly all the brands present in India.

Preferred by brands

Intense competition has forced RAC brands to focus more on marketing and promotional activities. They are adopting asset-light strategy in order to avoid blocking of large capital in manufacturing the various types of units. For the same, they prefer outsourcing the manufacturing of RAC and its components to ODM/OEM players. At Amber, we

are the consolidated aggregators of such a demand. From manufacturing components or assembling ACs up to building a complete RAC, we help the clients with all types of manufacturing solutions.

Driven by R & D and technology

We constantly strive to strengthen our R & D, designing and engineering capabilities to cater effectively to the RAC brands. We have also adopted regular technological breakthroughs that have added value to our end users. Our 70% stake in IL Jin Electronics and 19% stake in Ever Electronics Pvt Ltd provide us significant expertise in producing inverter ACs and adapting newer technologies. Today, the inverter AC demand has swept the market and is expected to grow by 40% annually.

Performance review

We continued to maintain an industry-beating growth momentum during the year. On a standalone basis, Amber has grown 23% which has outnumbered the industry. On the volume terms, the Company has grown 26% vis-à-vis the industry growth of 10% to 11%. On a consolidated basis, total income grew 29 % from Rs 1,652 Crores in 2016-17 to Rs 2,128 Crores in 2017-18. Continuous operational optimisation and efficiency drive during the year resulted in our operating profit growing 44.4 % from Rs 99.2 Crores in 2016-17 to Rs 143.2 Crores in 2017-18. Our net profit also strengthened 181 % from Rs 22 Cr in 2016-17 to Rs 62 Cr in 2017-18. The increasing preference of RAC brands for the OEMs/ODMs over imports will prove beneficial for the Company. This gives us the opportunity to further utilise our spare capacities, without incurring any additional capex. This will lead to stronger ROCE going forward.

Strategic priorities for the future

Our strategic priorities over the next two years would largely revolve around the following factors:

Product Expansion: We will largely focus on new models of IoT-based Inverter RACs and add new RAC components such as brushless DC motors, resin-core motors and inverter controllers to achieve greater backward integration.

Customer Expansion: Apart from getting new customers on board, we would also focus on increasing the wallet share of the existing customers by means of cross-selling and better offerings of energy-efficient models & other components.

Geographic Expansion: Within India, we will explore the opportunities of marking our presence to newer regions like Gujarat & other India. Besides, we will continue to make efforts towards acceptance of our products in the international markets. As an entry point, we will initiate exports to Middle East, South-East Asia and Europe.

Inorganic Growth: We will continue to explore inorganic opportunities that may further strengthen our innovative offerings to our customers.

Closing note

I would like to place on record my appreciation for the support and guidance provided by the Board Members and the Senior Management Team. I would also like to thank our employees for their dedication, determination and untiring efforts towards achieving organisational goals. We have good reasons to look forward to better times in the near future.

Best regards,

JASBIR SINGH | Chairman & CEO

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMIC REVIEW

The growth of Indian economy looks to be back on track. It has reclaimed its position as one of the world's fastest growing economy, by recording a GDP growth of 6.7% in FY2018. India's GDP grew at the fastest pace in seven quarters at 7.7% in January-March quarter on account of improvement in investments and consumptions. Other macroeconomic fundamentals like lower inflation, narrow current account deficit and a replenishment of foreign currency reserves have also contributed to the growth revival. The economy has clearly bounced back post demonetisation shocks and GST implementation. However, the current soaring oil prices may temporary disturb the current account deficit, leading to higher inflation.

In the medium term, the economy is expected to benefit from the positive policy reforms like bankruptcy code and action towards resolving non-performing assets (NPA) challenges of public sector banks. Strong domestic demand, improving business climate, pick up in industrial activity and GST implementation will further promote an organised business environment with higher accountability.

INDUSTRY REVIEW

Indian Scenario

The Indian RAC market promises tremendous growth potential owing to its lower penetration as compared to its global counterparts. Currently India stands at 4% penetration as compared to China's 100% and a global average of 30%. Besides, RACs have largely under-penetrated in the market as compared to the other consumer durables like refrigerators, washing machines and television. This defines how the Indian RAC market will be leading the growth path in the next few years. It is also witnessing a positive shift towards inverter ACs. This segment is expected to cover 70 - 80% of the industry demand by FY2020 from current level of around 40%. The key factors driving the shift to inverter ACs include:

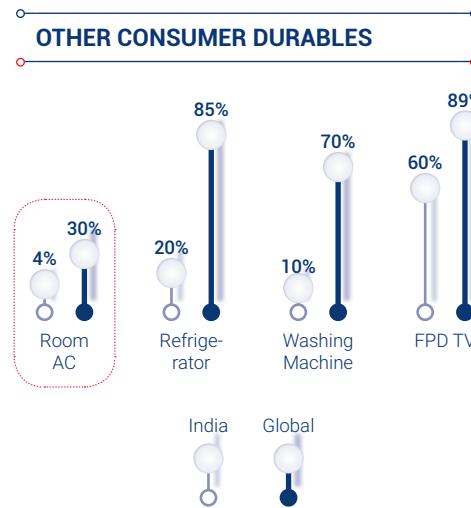

- 1) The narrowing price gap between fixed speed ACs and inverter ACs, which now stands at only Rs 3,000-4,000
- 2) Lower installation fee (Rs1,500 per unit) with a comprehensive 3-5 year warranty
- 3) Rising electricity prices, which may compel consumers to look for energy-efficient inverter ACs
- 4) Increase in availability of electricity across the nation

RAC MARKET PENETRATION

Source: Frost & Sullivan Reports

RAC PENETRATION V/S OTHER CONSUMER DURABLES

GLOBAL RAC VOLUME MARKET SIZE AND FORECAST (MILLION UNITS)

Note : E refers to Estimate

Source: JRAIA, April-2018

Outlook

In the advent of improving macroeconomic conditions, RAC is now considered as an affordable necessity rather than a luxury. Moreover, factors such as rising disposable income, increased urbanisation, changing lifestyle trends, longer hot weather season and shortening of the replacement cycle will further trigger the RAC demand. In case of household category, many homes are now installing multiple RACs. Once considered as a seasonal product and used mostly during summer months, RACs are now used for longer period throughout the year. The Indian RAC market is expected to witness a CAGR of 10-12 % between 2018-20. Such growth may result in an expansion of existing RAC brands as well as the entry of new consumer durable brands in the RAC segment.

GROWTH DRIVERS

Higher level of outsourcing by the brands

The major global RAC brands are trying to capitalise on the large domestic demand in India. They are preferring India as a manufacturing base due to the supportive Government programs such as 'Make in India'. During 2017, OEM/ODM players manufactured around 34% of the total RAC market volumes by demand. This is expected to reach 52% by FY 2022. Intense competition and growing number of RAC brands in the market have diverted companies to concentrate on marketing and promoting their products to spread their sales reach and increase market share. In order to follow the asset-light strategy, the companies are choosing to outsource

most of the RAC products and components to ODM/OEM players. With increasing dependence of RAC brands on OEM/ODM companies, priority is shifting towards strengthening R&D, design and engineering capabilities-the high-value activities amongst all services.

Product innovation and energy efficiency

The Indian RAC market has been witnessing robust growth trend in the past five years with a CAGR of 9.4% by volumes. In the next five years, the market is expected to witness a CAGR of 12.8% reinforced by the surge in rural consumption, shorter replacement cycles, energy-efficient RACs and availability of multiple brands at various price points. The RAC volumes are expected to increase from 4.7 million units in Fiscal 2017 to reach 8.6 million units by Fiscal 2022. Future demand for RAC is expected to be driven by better features and energy efficiency as two of the key buying criteria in Indian market. The large domestic demand has seen major global RAC brands focusing on India as a manufacturing base aided by supportive Government programs especially the 'Make in India' program.

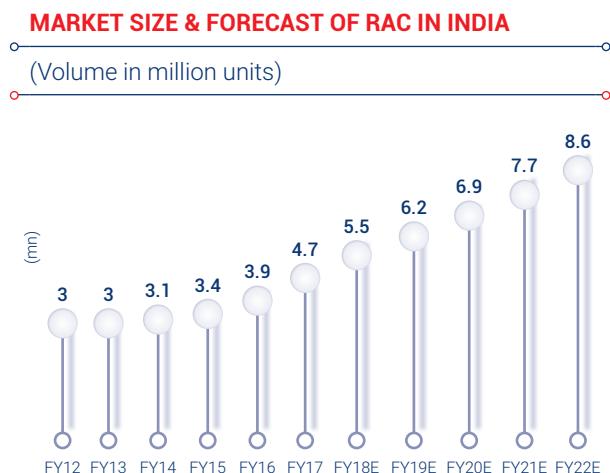

Low RAC penetration in India

Due to the current low penetration of 4%, the Indian RAC market presents huge opportunity for players to garner larger share of the market. Viewed as a luxury product in the recent past, the sweltering and longer summers in the country have led to creation of new demand for RACs not only in the larger cities, but also in Tier II/III cities where heightened economic activity has resulted in greater affordability. Additionally, new product features and

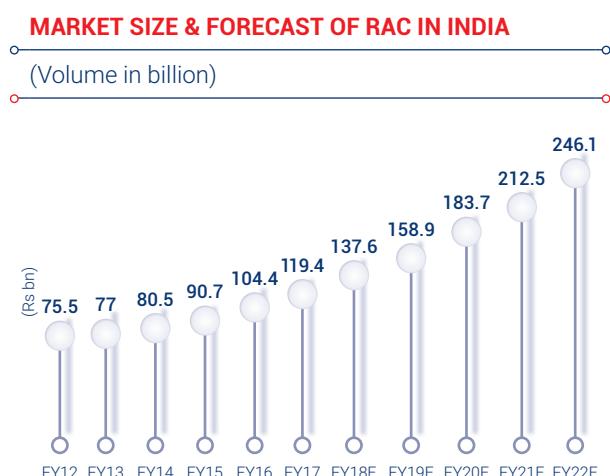

technological advancement in the RAC market has added to the increase in replacement demand of the product.

Affluent middle class

The young Indian generation is witnessing the need for an improved lifestyle leading to an early requirement of white goods. The lower age profile also reflects an aspirational population which has a different buying behaviour with a significantly higher risk-averse character. The availability of easy finance offers the younger generation an added flexibility to exercise its buying option. The usage pattern of this generation leads to lower life cycle and shorter replacement cycle of the products. This offers the market more repeat potential.

BUSINESS OVERVIEW

Amber Enterprises India Limited is a PAN India based manufacturer of Room air conditioners and various functional critical components of white goods in India. With the market share of 55.4% (outsourced market), Amber is the market leader in the Room Air Conditioner (RAC). The Company manufactures these RACs Components for 8 out of the 10 top RAC brands in India, key customers include Godrej, Bluestar, Daikin, Hitachi, LG, Panasonic, Voltas and Whirlpool. These eight brands have over 75% of market share in India.

Room Air Conditioner

We design and manufacture complete RACs including window air conditioners (WACs) and indoor units (IDUs) and outdoor units (ODUs) of split air conditioners (SACs) with specifications ranging from 0.75 ton to 2 ton, across energy ratings with various types of refrigerants. We also design and manufacture Inverter RACs ranging from 1 ton to 2 ton.

RAC segment experienced an uptrend from last year to be at Rs 1,524.9 crores contributing 71.7% of the total revenues in FY 2018. The CAGR over 4 years stood at 30.5%. The RAC volumes grew by 26.2%, which supported the strong performance of top-line as well.

Room Air Conditioners Components

The RAC component revenue to third parties contributes 13.8% in the consolidated revenue. With different individual-built capacities, we manufacture critical and reliable functional components of RACs such as heat exchangers, motors and multi-flow condensers electronic invertor PCBs. We also manufacture other RAC components such as sheet metal components, system tubing, PCBs and injection moulding components.

RAC component's segmental revenue stood at Rs 293.2 crores contributing 13.8% to the total revenue. The CAGR over 4 years stood at 12%.

Non-Air Conditioners Components

The ability to ideate, develop and manufacture has offered us an edge to diversify into other related markets as well. We manufacture components for other consumer durables and automobiles such as

Corporate Overview

OUR STRENGTHS

Market leadership in the RAC OEM/ODM industry in India

Over the years, we have attained an ability and expertise in manufacturing RACs and components. We have established ourselves as a trusted solutions provider to major RAC brands operating in India. We have twelve manufacturing facilities. Our leadership position is the outcome of our experience in the development and manufacturing of RACs and components. Our ability to excel in measurable quality, cost, delivery and technology has further boosted the growth.

One stop solutions provider for the RAC industry with high degree of backward integration

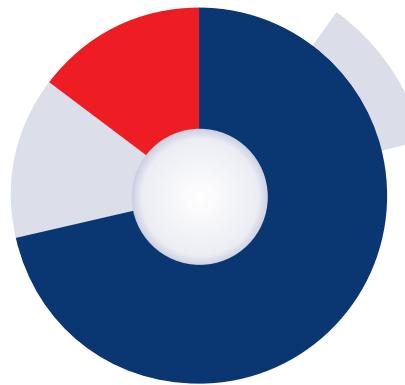

With our product development expertise and capabilities in the manufacturing of RACs and components, we have become a one-stop solutions provider in India for the RAC industry. In addition to designing and manufacturing complete WAC, IDUs and ODUs, we offer solutions for critical components like heat exchangers, multiflow condensors, PCBs & motors for Air Conditioners, case liners for refrigerators, PCBs for refrigerators, microwave, washing machine, automobile etc.

Strong customer relationship with most of the leading RAC brands in India

Product approval cycle, especially for leading brands, can be as long as 2-3 years for certain critical functional components. Our established relationships with our

existing customers also provide us with cross selling opportunity. While maintaining and strengthening our relationships with our existing customers over the last three years, we have also been successful in gaining large MNC customers.

R&D and product design capabilities leading to high proportion of ODM business

The strong R&D team has the capabilities to conceptualize, design, verify and develop various designs and successfully convert them into deliverable products. It also aims to provide solutions to improve manufacturing efficiency on existing products, reduce production costs and also assist customers in designing RACs and components. We have successfully designed and developed various components and RAC models, including Inverter RACs.

Economies of Scale

Our multiple manufacturing locations allow us optimal utilisation of facilities and enable us to effectively distribute manufacturing across them. This helps in handling simultaneous demand schedules of multiple customers on just in time basis. Our scale provides us with greater resources to support our fixed costs such as R&D expenses and permits the use of shared services to eliminate duplicative business functions and administrative expenses. The large scale of production has also strengthened our relationship with our raw material suppliers and provided us better insight into the markets for procuring material.

FINANCIAL PERFORMANCE

In the financial year 2017-18, Amber Enterprises India Limited posted standalone revenues (net of excise duty) of Rs 1923 crores, up 23% from the previous year's Rs 1562 crores and consolidated revenues of Rs 2128 crores, up 28.81% from the previous year's Rs. 1652 crores.

Profit before tax increased 131.54% to Rs 89.17crores on standalone basis and increased 150.39% to Rs 89.40crores on a consolidated basis.

The Company's cost reduction and efficiency improvement programs helped improve revenue and profitability. With the strategies in place, the Company's growth is out pacing industry's performance.

RISK MANAGEMENT

High dependence on select customers : A majority of the Company's revenue is derived from its top ten customers. Since the Company is largely dependent on certain key customers for a significant portion of its sales, the loss of any one of the key customer or a significant reduction in demand from such customer can have an adverse effect on the Company's business, financial condition, and future prospects.

Mitigation : To mitigate these risks, the Company constantly keeps expanding its customer base with the help of its diversified product portfolio. It also offers different customised solutions to its clients. The Company also keeps a check on quality standards. Its proximity near the client's facilities helps the Company in maintaining timely deliveries. Secondly, the Company has built strong relations with its customers over the years, which help in holding its position.

Downward trend in OEM/ODM business : In recent years, RAC brands have increasingly outsourced the manufacturing of their products to OEM/ODM players. However, there can be no assurance that they will continue in the future. This risk can lead to lower business position and financial health.

Mitigation : Every organisation is exposed to the risk of downward trend in its industry. To safeguard this risk, the Company offers solution in functional component space such as heat exchangers, electronic boards, motors, case liners for refrigerators, microwaves sheet metal, injection moulding etc. Also, the Company has a wide spectrum of products and services to offer. Our diversified portfolio of finished goods like WAC, IDU, ODU, Invertor AC etc. and AC components and Non-AC components give us an edge in mitigating any such risk.

Slowdown in RAC industry : The Company's business is heavily dependent on the performance and market trends in the RAC sector. Sales and production of RACs and components may be affected by general economic or industry conditions, including seasonal trends in the RAC sector, evolving regulatory requirements, government initiatives, trade agreements and other factors. These factors will directly impact the production of the Company, resulting into low turnover.

Mitigation : The Company is heavily dependent on the market trends of RAC sector. With the aid of

Statutory Reports	25-111	Financial Section	112-252
-------------------	--------	-------------------	---------

technology and expertise in products, the Company has found different applications of its products in the related industry by doing some modifications. It also plans to enter heavy industry by way of manufacturing commercial air conditioners. This diversification in different segment of the industry will help the Company safeguard itself from any slowdown in demand. Also, non-air conditioner components are being focused to mitigate this risk. The acquisition of IL JIN electronics have further strengthened the AC & non-AC components position.

Inability to identify demand trends : Consumer durables market in India is characterised by technological advancements, introduction of innovative products, price fluctuations and intense competition. Any company who is not efficient in identifying key technology advancement and customer demand is at a high risk of losing in the competition.

Mitigation : In order to remain competitive, the Company has developed the ability to anticipate changes in technology and regulatory standards. It also has successfully introduced new and enhanced products. In order to capture and secure the necessary technological knowledge, it has its own research and development department. Also, the Company has entered into technical assistance agreements that allow them to continue to develop product portfolio and ability to respond to industry trends by developing and offering cost effective products.

Agreements with our customers: The Company does not have firm committed long-term supply agreements with all its customers and instead rely on purchase orders to govern the volume and other terms of sales. With such arrangements, the Company's orders may be amended or cancelled prior to finalisation. This could result in loss of resources and time.

Mitigation : Though, this is a normal trend in the industry, the Company ensures to be in line with the high and stringent standards for product quality and quantity as well as delivery schedules. With its long-standing relationships with customers, the Company manages such kind of risk with its pro-active strategies. This helps the Company in developing strategies which will hedge such risks.

HUMAN RESOURCE

Amber truly believes that its team, its people are the greatest assets for the Company. The organization empowers and motivates its people. Its core focus is to provide growth and nurturing to all its employees, encouraging them to perform to the best of their abilities. Visionary and forward-thinking leaders stimulate a learning culture, process-driven and result-oriented environment. Enabling cross-functional teams across levels helps to enhance productivity and efficiencies.

Amber also believes in providing equal opportunities to women, and this is reflected in the fact that women form a significant strength of its workforce. They play important roles in the organisation.

Amber remains focused on strengthening its people policies and internal processes where employees seek continuous improvement, greater accountability and responsibility and excel in their key result areas. Collaboration, connectivity and productivity enhancing technology initiatives are the company's key drivers that support this platform in building careers for its people.

INTERNAL CONTROL SYSTEM

Towards ensuring adherence to and adequacy of all Internal Control Systems, the Company utilises the services of an external firm of auditors to evaluate their efficacy and considers their suggestions on improvements. Their findings are reviewed consistently by the Audit Committee constituted by the Board of Directors. A Whistle Blower Policy is also implemented to further ensure vigilance and guard against any inopportune development.

CAUTIONARY STATEMENT

The Statement in this Management Discussion and Analysis Report describing the Company's objectives, projections, estimates, expectations or predictions may be 'forward looking statements' within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include demand-supply conditions, changes in Government and international regulations, tax regimes, economic developments within and outside India and other factors such as litigation and labour relations.

EXPLANATORY STATEMENT

{Pursuant to Section 102 of the Companies Act, 2013}

ITEM NO. 4

Pursuant to the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014 (including any statutory amendment(s) or re-enactments thereof), the Board of Directors of the Company at their meeting held on 7 August 2018, on the recommendation of the Audit Committee, approved the appointment of M/s. K.G. Goyal & Associates, a firm of Cost Accountants (Firm Registration No. 000024), having its office at 4A, Pocket 2, Mix Housing Scheme, New Kondli, Mayur Vihar – III, New Delhi – 110096 as Cost Auditor of the Company for the Financial Year 2018 – 19 at a remuneration of ₹ 40,000/- and the payment of applicable taxes and out of pocket expenses, if any.

In terms of the provisions of Section 148(3) of the Companies Act, 2013 read with Rule 14(a)(ii) of the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified by the Members of the Company. Accordingly, consent of the Members is sought to ratify the remuneration payable to the Cost Auditor.

The Partners of the Firm are holding a valid certificate of practice under sub-section (1) of Section 6 of Cost and Works Accountants Act, 1959.

K.G. Goyal & Associates, a firm of Cost Accountants, had certified that their appointment is within the limits prescribed under Section 141(3)(g) read with Section 148 of the Companies Act, 2013 and further they are independent firm of Cost Accountants and having arm's length relationship with our Company.

K.G. Goyal & Associates also confirmed that there are no orders or proceedings which are pending against their firm or any of their partners relating professional matters of conduct before the Institute of Cost Accountants of India or any competent authority or any court.

None of the directors or the manager or any other key managerial personnel or their relatives has got any concern or interest whether financial or otherwise, if any, in respect of Ordinary Resolution proposed at item No.4.

The Company has disclosed all the related information and to the best of understanding of the Board of Directors no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

The Board of Directors of your Company recommends that the Resolution under Item No. 4 be passed in the Interest of your Company.

ITEM NO. 5

The Company has successfully completed its Initial Public Offering ("IPO") of Equity Shares during the financial year 2017-18 and the equity shares of the Company got listed on BSE Limited and National Stock Exchange of India Limited with effect from 30 January 2018.

Prior to the IPO, the Company had entered into Shareholders Agreement with Private Equity Investors, namely Ascent Investment Holdings Pte. Limited ("Ascent") wherein Ascent was given certain rights including right to appoint nominee directors on the Board of the Company. It was agreed amongst the Company and Ascent that pursuant to completion of successful IPO, the Shareholders Agreement would get terminated. However, it was also agreed that the right accorded to Ascent to appoint one nominee director on the Board of the Company would continue to exist beyond successful IPO so long as Ascent hold 15% (fifteen percent) or more of the Share Capital of the Company which was stated in Article 23 of Part-A of Articles of Association.

As a part of IPO process and pursuant to the undertaking given to the Securities and Exchange Board of India ("SEBI") in this regard in response to the directions given by SEBI vide its emails dated 26 October 2017 and 27 October 2017 the right of Ascent to nominate a director on the Board of the Company shall be exercised only after obtaining shareholders' approval through a Special Resolution after the IPO.

Therefore, it is proposed to approve the same as a Special Resolution and accordingly, the same will be reflected in the Articles of Association of the Company by amending existing Article 23 of the Articles of Association of the Company in the following manner:

"Subject to the applicable provisions of the Act, the number of Directors of the Company shall not be less than 3 (three) and not more than 15 (fifteen). The Company shall also comply with the provisions of the Companies (Appointment and Qualification of Directors) Rules, 2014 and the provisions of the Listing Regulations. The Board shall have an optimum combination of executive and Independent Directors with at least 1 (one) woman Director, as may be prescribed by Law from time to time. So long as Ascent holds 15% or more of the Share Capital of the Company, Ascent shall have the right to nominate a Director on the Board."

Further, it is proposed to remove some consequential changes like removal of first paragraph and subsequent word "Part A" and removal of entire Part-B are proposed in order to make Articles updated.

It may be noted that in the Articles itself, it was stated that

NOTICE (Contd.)

Part-B of Articles of Association which provided special rights to Ascent would automatically get terminated without any further action.

The Board recommends the Special Resolution for approval of the members of the Company.

Except Mr. Manoj Kumar Sehrawat, nominee of Ascent, none of the directors or the manager or any other key managerial personnel or their relatives has got any concern or interest whether financial or otherwise, if any, in respect of Special Resolution proposed at item No. 5.

The Company has disclosed all the related information and to the best of understanding of the Board of Directors no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

Accordingly, the Board of Directors of your Company recommends that the Resolution under Item No. 5 be passed in the interest of your Company.

ITEM NO. 6 & 7

At the Extra Ordinary General Meeting of the Company held on 20 September 2017, the members of the Company had approved borrowings limits under Section 180 (1)(c) of the Companies Act, 2013 (the "Act") upto ₹ 500 crore. Keeping in view your Company's existing and future financial requirements for furtherance of its business operations and since the turnover of the Company is witnessing constant increase, your Company anticipates that the Company may require additional funds for smooth functioning of its operations. For this purpose and as per section 180 (1) (c) of the Act, the Company is desirous of raising finance from various Banks and/or Financial Institutions and/or any other lending institutions and/or Bodies Corporate and/or such other persons/ individuals as may be considered fit, which, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) may exceed the aggregate of the paid-up capital and the free reserves of the Company. Hence, it is proposed to increase the maximum borrowing limit up to ₹ 1500 crore or aggregate of its paid-up share capital, free reserves and securities premium, whichever is higher and for this approval of members is required. The requisite authorization is required to be given to the Board and its committee to avail funds from the Banks and/ or Financial / Lending Institutions and/or Body Corporate(s) or from any other sources up to the aforesaid limit of ₹ 1500 crore or aggregate of its paid-up share capital, free reserves and securities premium, whichever is higher.

In order to facilitate the borrowing made/to be made by the Company, it would be necessary to create charge on the assets or undertaking of the Company. Section

180(1)(a) of the Act provides for the power to sell, lease or otherwise dispose of the whole or substantially the whole of the undertaking of the Company subject to the approval of members in the general meeting.

None of the directors or the manager or any other key managerial personnel or their relatives has got any concern or interest whether financial or otherwise, if any, in respect of Special Resolution proposed at item No. 6 & 7.

The Company has disclosed all the related information and to the best of understanding of the Board of Directors no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

Accordingly, the Board of Directors of your Company recommends that the Resolutions under Item No. 6 & 7 be passed in the interest of your Company.

ITEM NO. 8

Mr. Jasbir Singh is a Chairman and Chief Executive Officer of the Company and one of the Promoters of the Company. Since 1 April 2015 Mr. Jasbir Singh is drawing a remuneration of ₹ 10,80,000/- per month, which was approved by Board of Directors in its meeting held on 22 September 2015 and also approved by members in the AGM held on 29 September 2015

Mr. Jasbir Singh, has provided dedicated and meritorious services and significant contribution to the overall growth of the Company and successful completion of the Initial Public Offering (IPO) of the Company and getting the equity shares listed on both the Stock Exchanges on January 30, 2018. Mr. Jasbir Singh is responsible for the functioning of entire Amber Group but not for Amber Enterprises India Limited alone.

The payment of remuneration was approved by the Board based on industry standards, responsibilities handled by the Chairman /Chief Executive Officer of the Company.

Approval of the members is sought for approval of remuneration and commission as approved by the Board on the recommendations of the Nomination and Remuneration Committee, subject to the condition that

NOTICE (Contd.)

the overall remuneration (including commission) shall not exceed 5% of net profit of the Company, payable for the financial year in which adequate profit is earned, with effect from 1 April 2018 to Mr. Jasbir Singh as Chairman and Chief Executive Officer of the Company.

Mr. Jasbir Singh and his relatives shall be deemed to be concerned or interested in the resolution to the extent of remuneration payable to Mr. Jasbir Singh under the resolution.

With his vast experience in electronic manufacturing industry, the Board of Directors considered it to be desirable to approve remuneration payable to him.

None of the Directors except Mr. Jasbir Singh himself and Mr. Daljit Singh, as a relative of Mr. Jasbir Singh, is concerned or interested in the resolution. No other Directors, Key Managerial Personnel or their relatives are concerned or interested in the resolution.

The Company has disclosed all the related information and to the best of understanding of the Board of Directors no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

Accordingly, the Board of Directors of your Company recommends that the Resolution under Item No. 8 be passed in the interest of your Company.

ITEM NO. 9

The Nomination and Remuneration Committee, in its meeting held on 6 August 2018 recommended and the Board of Directors, in its meeting held on 7 August 2018, approved the payment of remuneration of ₹ 1,44,00,000/- per annum and commission, subject to the condition that the overall remuneration (including commission) shall not exceed 5% of net profit of the Company, payable for the financial year in which adequate profit is earned, to Mr. Daljit Singh (DIN : 02023964), as Managing Director of the Company with effect from 1 April 2018, subject to the approval of the members in the General Meeting.

Mr. Daljit Singh is a Managing Director of the Company and one of the Promoters of the Company. Since 1 April 2015 Mr. Daljit Singh is drawing a remuneration of ₹ 9,60,000/- per month, which was approved by Board of Directors in its meeting held on 22 September 2015.

Mr. Daljit Singh, has provided keen and commendable services and significant contribution to the overall growth of the Company and successful completion of Initial Public Offering ("IPO") of the Company and getting the equity shares listed on both the stock exchanges on January 30, 2018

Mr. Daljit Singh, who is responsible for overall operations of Amber Group, including addition of new customer, developing strategy plans, monitoring performance of

various business units / functions against their annual targets and provides corrective actions.

The payment of remuneration was approved by the Board based on industry standards, responsibilities handled by the Managing Director of the Company.

Approval of the members is sought for approval of remuneration and commission as approved by the Board on the recommendations of the Nomination and Remuneration Committee subject to the condition that the overall remuneration (including commission) shall not exceed 5% of net profit of the Company, payable for the financial year in which adequate profit is earned, with effect from 1 April 2018 to Mr. Daljit Singh as Managing Director of the Company.

Mr. Daljit Singh and his relatives shall be deemed to be concerned or interested in the resolution to the extent of remuneration payable to Mr. Daljit Singh under the resolution.

With his vast experience in electronic manufacturing industry, the Board of Directors considered it to be desirable to approve remuneration payable to him.

None of the Directors except Mr. Daljit Singh himself and Mr. Jasbir Singh, as a relative of Mr. Daljit Singh, is concerned or interested in the resolution. No other Directors, Key Managerial Personnel or their relatives are concerned or interested in the resolution.

The Company has disclosed all the related information and to the best of understanding of the Board of Directors no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

Accordingly, the Board of Directors of your Company recommends that the Resolution under Item No. 9 be passed in the interest of your Company.

ITEM NO. 10

The members of the Company are required to note that the Independent Directors of the Company bring with them significant professional expertise and rich experience across a wide spectrum of functional areas.

Considering the rich experience and expertise brought to the Board by the Independent Directors, it is considered prudent that adequate commission should be given to the Independent Directors so as to compensate them for their time and efforts and also to retain and attract the pool of talent for the growth and prosperity of the Company.

Section 197 of the Companies Act, 2013 permits payment of remuneration either by way of monthly salary or by way of specified percentage of profits of the Company to Independent Directors of a Company not exceeding

NOTICE (Contd.)

one percent per annum (or such higher limits as may be prescribed under Companies Act, 2013 by way of amendment or re-enactment thereof) of the net profit of the Company subject to the approval of the Members at the General Meeting.

Accordingly, it is proposed that in terms of section 197 of the Act, the Directors (apart from the Managing Director and Whole time Directors) be paid, from financial year 2018-19 (basis the net profit of the previous financial year) a commission every financial year not exceeding one percent (or such higher limits as may be prescribed under Act by way of amendment or re-enactment thereof) per annum of the net profits of the Company. The Manner and proportion of the same shall be determined by the Board of Directors pursuant to recommendation of the Nomination and Remuneration Committee of the Company.

The aforesaid Commission to Independent directors shall be in addition to the sitting fees payable to them for attending meetings of the Board and Committees thereof.

Independent Directors of the Company including their relatives to the extent of their shareholding in the Company, if any, are interested in this resolution. Save and except the above none of the other Directors or the Key Managerial Personnel or their relatives are in any way interested or concerned, either financially or otherwise in this Resolution.

The Company has disclosed all the related information and to the best of understanding of the Board of Directors no other information and facts are required to be disclosed that may enable members to understand the meaning, scope and implications of the items of business and to take decision thereon.

The Board of Directors of your Company recommends that the Resolution under Item No. 10 be passed in the interest of your Company.

ANNEXURE E

CORPORATE GOVERNANCE REPORT

I. COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Amber's governance framework is driven by the objective of enhancing long term stakeholder value without compromising on ethical standards and corporate social responsibilities. Efficient corporate governance requires a clear understanding of the respective roles of the Board of Directors ("the Board") and of senior management and their relationships with others in the corporate structure. Sincerity, fairness, good citizenship and commitment to compliance are key characteristics that drive relationships of the Board and senior management with other stakeholders. Your Company strives to ensure that best corporate governance practices are identified, adopted and consistently followed.

Corporate governance at Amber's is implemented through robust board governance processes, internal control systems and processes, and strong audit mechanisms. These are articulated through Company's Code of Business Conduct, Corporate Governance Guidelines and charters of various subcommittees of the Board and Company's Disclosure Policy.

Amber's corporate governance practices can be described through the following four layers:

- Governance by Shareholders,
- Governance by Board of Directors
- Governance by Sub-committees of Board, and
- Governance through management process

In this report, we have provided details on how the corporate governance principles are put in to practice within Amber.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF AMBER ENTERPRISES INDIA LIMITED

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Amber Enterprises India Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these Standalone financial statements that give a true and fair view of the statement of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and

perform the audit to obtain reasonable assurance about whether these standalone financial statements are free from material misstatement.

6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2018, its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Other Matter

9. The Company had prepared separate sets of statutory financial statements for the year ended 31 March 2017 and 31 March 2016 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) on which we issued auditor's reports to the shareholders of the Company dated 10 July 2017 and 9 August 2016 respectively. These financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have also been audited by us. Our opinion is not modified in respect of this matter.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure I a statement on the matters specified in paragraphs 3 and 4 of the Order.
11. Further to our comments in Annexure I, as required by Section 143(3) of the Act, we report that:
 - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act;
 - f) we have also audited the internal financial controls over financial reporting (IFCoFR) of the
- g) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company as detailed in Note no. 43 (a) to (f) to the standalone financial statements, has disclosed the impact of pending litigation on its financial position;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company; and

ANNEXURE I

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular program of physical verification of its fixed assets under which fixed assets are verified in a phased manner over a period of 3 years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. In accordance with this program, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification.
- (c) The title deeds of all the immovable properties (which are included under the head 'Property, plant and equipment') are held in the name of the Company.
- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit. No material discrepancies were noticed on the physical verification.
- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.

ANNEXURE II

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT').

1. In conjunction with our audit of the standalone financial statements of Amber Enterprises India Limited (the Company) as at and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Company as at that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Guidance Note and Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because

ANNEXURE II (Contd.)

of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over

financial reporting and such controls were operating effectively as at 31 March 2018, based on the internal control over Financial Reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note issued by the ICAI.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018

1. CORPORATE INFORMATION AND STATEMENT OF COMPLIANCE WITH INDIAN ACCOUNTING STANDARDS (IND AS)

Amber Enterprises India Limited (the "Company") incorporated in 1990, under the Companies Act 1956, is engaged in the business of manufacturing a versatile range of products i.e. air conditioners, microwave ovens, washing machines, refrigerators, heat exchangers, sheet metal components etc. Currently, the Company has nine manufacturing facilities in India out of which three manufacturing facilities are operating in tax exemption zone.

The financial statements of the Company have been prepared to comply in all material respects with accounting principles generally accepted in India, including Indian Accounting Standard ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act. The financial statements up to year ended 31 March 2017 were prepared in accordance with the accounting standards prescribed under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended) ("Previous GAAP") and other relevant provisions of the Act.

These financial statements for the year ended 31 March 2018 are the first financial statements which the Company has prepared under Ind AS. For purpose of comparatives, financial statements for year ended 31 March 2017 and opening Balance Sheet as at 1 April 2016 are also prepared under Ind AS. Refer note 53 for an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation

The financial statements have been prepared on accrual and going concern basis under historical cost convention except for certain financial instruments and plan assets, which are measured at fair values. The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1 April 2016 being the date of transition to Ind AS, except where the Company has applied certain exemptions upon transition to Ind AS.

The significant accounting policies and measurement bases have been summarised below.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and as per terms of agreements wherever applicable. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

b. Revenue recognition

Revenue is recognised to the extent it is probable that future economic benefits will flow to the Company and the revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable net of related rebates. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from operations

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Revenue in respect of tool development and job charges is recognised as per the terms of the contract with the customers.

Interest income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc.

Dividend

Dividend are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Financial Reports	25-111	112-252
-------------------	--------	---------

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

Insurance claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

c. Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on first in, first out basis.
- Stores and spares, consumables and packing materials cost includes direct expenses and is determined on the basis of first in first out method.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

d. Income taxes

Tax expense recognised in the statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income (OCI) or directly in equity.

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Current tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (i.e. in OCI or equity depending upon the treatment of underlying item).

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results,

adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside statement of profit and loss (in OCI or equity depending upon the treatment of underlying item).

e. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

f. Foreign currency transactions

The financial statements are presented in Indian Rupee ('INR' or '₹') which is also the functional currency of the Company.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/expenses, as the case maybe.

g. Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below:

Non-derivative financial assets
Subsequent measurement
i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost, if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

ii. Investments in equity instruments –

The Company subsequently measures all equity investments at fair value. Dividends from such investments are recognised in profit or loss as other income when the Company's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables: In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets: In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

De-recognition of financial assets

A financial asset is primarily de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities
Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially

modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments

Initial and subsequent measurement

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

h. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

i. Investments in subsidiaries

The Company has accounted for its investment in subsidiaries at cost in its financial statements in accordance with Ind AS- 27, Separate Financial Statements. Profit/ loss on sale of investments is recognised on the date of sale and is computed with reference to the original cost of the investment sold.

j. Property, plant and equipment ('PPE')

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and definition of asset is met. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

In case an item of property, plant and equipment is acquired on deferred payment basis, interest expenses included in deferred payment is recognised as interest expense and not included in cost of asset.

Subsequent measurement (depreciation and useful lives)

Depreciation on fixed assets is provided on straight line method based on life prescribed as per Schedule II of the Companies Act, 2013.

Block of asset	Useful life as per Companies Act, 2013 (in years)
Building	30-60
Plant and machinery	15
Computer	3
Furniture and fixture	10
Office equipment	5
Vehicles	8 – 10
Leashold lands	Lease term

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included

in the statement of profit and loss when the asset is derecognised.

k. Intangible assets

Recognition, initial measurement and subsequent measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
 - Its intention to complete and its ability and intention to use or sell the asset
 - How the asset will generate future economic benefits

economic benefits

- The availability of resources to complete the asset
 - The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

Amortisation methods and periods

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods:

	Useful life (in years)
Computer software	6
Product development	7

I. Capital work-in progress

Cost of material consumed and erection charges thereon along with other direct cost incurred by the Company for the projects are shown as capital work-in-progress until capitalisation.

m. Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For this purpose, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units). If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer

exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

n. Leases

As a lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease, unless the increase in rent is to compensate the lessor for the effects of inflation.

o. Borrowing costs

Borrowing costs directly attributable to the acquisitions, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary, interruption.

p. Provisions, contingent liabilities and contingent assets

Provisions are recognised when present obligations as a result of a past event will probably lead to an outflow of economic resources and amounts can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises when there is a presence of a legal or constructive commitment that has resulted from past events, for example, legal disputes or onerous contracts. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In those cases, where the outflow of economic resources as a result of present obligations is considered improbable or remote, no liability is

recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

q. Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

r. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard 19- Employee Benefits.

Defined benefit plans

Gratuity

The Company operates one defined benefit plan for its employees, viz. gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method. Actuarial gain and loss for the defined benefit plan is recognized in full in the period in which they occur in other comprehensive income.

Other long term benefits

Accumulated leave expected to be carried forward beyond twelve months, is treated as long term employee benefit. Such long term compensated absences are provided for based

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

on the actuarial valuation using the projected unit credit method at the year end. Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit.

Liability under continuity linked key resource and deferred salary schemes is provided for on actuarial valuation basis, which is done as per the projected unit credit method at the end of each financial period.

Defined contribution plans

Provident Fund

The Company makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. The plan is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which services are rendered by the employee.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

s. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

t. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting done to the chief operating decision maker. The Company operates in a single operating segment and geographical segment.

3. RECENT ACCOUNTING PRONOUNCEMENT

In March 2018, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2018, notifying Ind AS 115, Revenue from contract with customers, Appendix B to Ind-AS 21, Foreign currency transactions and

advance consideration and amendments to certain other standards. These amendments are applicable to the Company from 1st April, 2018. The Company will be adopting the amendments from their effective date.

Ind AS 115: Revenue from Contracts with Customers

Ind AS 115 supersedes Ind AS 11, Construction contracts and Ind AS 18, Revenue. Ind AS 115 requires an entity to report information regarding nature, amount, timing and uncertainty of revenue and cash flows arising from contract with customers. The principle of Ind AS 115 is that an entity should recognize revenue that demonstrates the transfer of promised goods and services to customers at an amount that reflect the consideration to which the entity expects to be entitled in exchange for those goods and services. The standards can be applied either retrospectively to each prior reporting period presented or can be applied retrospectively with recognition of cumulative effect of contracts that are not completed contracts at the date of initial application of the standard.

Based on the preliminary assessment performed by the Company, the impact of application of standard is not expected to be material.

Appendix B to Ind AS 21, Foreign currency transaction and advance consideration

The appendix clarifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the asset, expense or income (or part of it) is the date on which an entity initially recognizes the non-monetary asset or non-monetary liability arising from the payment of receipt of advance consideration towards such asset, expenses or income. If there are multiple payments or receipt in advance, then an entity must determine transaction date for each payments or receipts of advance consideration.

Based on the preliminary assessment performed by the Company, the impact of application of appendix is not expected to be material.

Significant accounting judgements, estimates and assumptions

When preparing the financial statements management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses.

The actual results are likely to differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

-------------------	--------	-------------------	---------

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

Information about significant judgments, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses are discussed below:

Significant judgements:

(i) Evaluation of indicators for impairment of non-financial assets

The evaluation of applicability of indicators of impairment of non-financial assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(ii) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised. The recognition of deferred tax assets and reversal thereof is also dependent upon management decision relating to timing of availment of tax holiday benefits available under the Income Tax Act, 1961 which in turn is based on estimates of future taxable profits.

(iii) Contingent liabilities

The Company is the subject of certain legal proceedings which are pending in various jurisdictions. Due to the uncertainty inherent in such matters, it is difficult to predict the final outcome of such matters. The cases and claims against the Company often raise difficult and complex factual and legal issues, which are subject to many uncertainties, including but

not limited to the facts and circumstances of each particular case and claim, the jurisdiction and the differences in applicable law. In the normal course of business, management consults with legal counsel and certain other experts on matters related to litigation and taxes. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated.

Sources of estimation uncertainty:

(i) Provisions

At each balance sheet date, basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from management's estimates.

(ii) Fair valuation of financial instruments

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

(iii) Recoverability of advances/receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

The Company obtains independent valuations for its investment property. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Company consider information from a variety of sources including:

- a) current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences.
- b) discounted cash flow projections based on reliable estimates of future cash flows.
- c) capitalised income projections based upon a property's estimated net market income, and a capitalisation rate derived from an analysis of market evidence.

The fair value of investment property has been determined by external valuer. The main inputs used are rental growth rates, expected vacancy rates, terminal yield and discount rates based on industry data.

Note:

On 2 December 2017, 10 nos. compulsory convertible debentures (the "CCD's") with face value of INR 500 Lakh each were converted into equity shares of the Company prior to filing of the red herring prospectus with the Registrar of Companies as per Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015. The Company has paid interest on such conversion as if conversion took place on the second anniversary of allotment of CCDs, as agreed vide letter dated 26 September 2017 entered with Ascent Investment Holdings Pte Limited. This has resulted in additional finance cost amounting to INR 481.08 Lakh due to early conversion of CCDs. Further, during the year ended 31 March 2018, the Company has charged off unamortized borrowing cost of INR 288.81 Lakh respectively in the statement of profit and loss due to replacement of loans carrying higher interest with loans carrying comparatively lower interest and prepayment of long term loans from Initial Public Offering proceeds.

Description	As at 31 March 2018	As at 31 March 2017	As at 01 April 2016
Discount rate	7.75%	7.50%	8.00%
Rate of increase in compensation levels	5.00%	5.00%	5.00%
Retirement age	60 years	60 years	60 years

Notes:

- 1) The discount rate is based on the prevailing market yield of Indian Government bonds as at the balance sheet date for the estimated terms of obligations.
- 2) The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.
- 3) Plan assets comprise funds managed by the insurer i.e. Life Insurance Corporation of India ('LIC').
- 4) The Company makes annual contributions to the LIC of an amount advised by them for Rajpura unit only.
- 5) The best estimated expense for the next year is INR 48.38 Lakh.

(vi) Sensitivity analysis for gratuity liability

(All amount in INR Lakh unless stated otherwise)

Description	As at 31 March 2018	As at 31 March 2017	As at 01 April 2016
Impact of change in discount rate			
Present value of obligation at the end of the year	287.40	239.20	190.29
- Impact due to increase of 1 %	258.30	216.56	172.75
- Impact due to decrease of 1 %	322.10	266.07	210.80
Impact of change in salary increase			
Present value of obligation at the end of the year	287.40	239.20	190.29
- Impact due to increase of 1 %	322.73	265.40	210.21
- Impact due to decrease of 1 %	257.33	216.89	173.11

The above sensitivity analysis is based on a change an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year

(vii) Maturity profile of defined benefit obligation

(All amount in INR Lakh unless stated otherwise)

Description	As at 31 March 2018	As at 31 March 2017

Beyond 5 years	313.82	246.69

50 FAIR VALUE DISCLOSURES

i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are divided into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

ii) Financial assets measured at fair value - recurring fair value measurements

The following table shows the levels within the hierarchy of financial liabilities measured at fair value on a recurring basis.

Description	Level	As at 31 March 2018		As at 31 March 2017		As at 01 April 2016		Valuation technique
Financial liabilities								
Forward payable	Level 2	-	-	3.80	-	-	-	Valued using forward pricing model

(iii) Fair value of instruments measured at amortised cost

Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows:

Description	Level	As at 31 March 2018		As at 31 March 2017		As at 01 April 2016	
		Carrying value	Fair value	Carrying value	Fair value	Carrying value	Fair value
Financial assets							
Loans	Level 3	546.88	560.84	486.89	485.05	565.13	551.72
Other financial assets	Level 3	207.73	207.73	582.30	582.30	483.55	483.55
Total financial assets		754.61	768.57	1,069.19	1,067.35	1,048.68	1,035.27
Financial liabilities							
Trade payables - Non-current	Level 3	-	-	-	-	3,883.93	3,887.18
Borrowings	Level 3	969.58	969.58	21,953.98	21,953.98	15,978.69	15,978.69
Total financial liabilities		969.58	969.58	21,953.98	21,953.98	19,862.62	19,865.87

The management assessed that cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, short term borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- (i) Long-term fixed-rate receivables are evaluated by the Company based on parameters such as interest rates, individual creditworthiness of the customer and other market risk factors.
- (ii) The fair values of the Company's loans and receivables are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own nonperformance risk as at 31 March 2018 was assessed to be insignificant.
- (iii) All the other long term borrowing facilities availed by the Company are variable rate facilities which are subject to changes in underlying interest rate indices. Further, the credit spread on these facilities are subject to change with changes in Company's creditworthiness. The management believes that the current rate of interest on these loans are in close approximation from market rates applicable to the Company. Therefore, the management estimates that the fair value of these borrowings are approximate to their respective carrying values.

ii) Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Aging analysis	Bank deposits, diversification of asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	"Rolling cash flow forecasts"	Availability of committed credit lines and borrowing facilities
'Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting	Forward contract/hedging, if required
'Market risk - interest rate	Long-term and Short-term borrowings at variable rates	Sensitivity analysis	Negotiation of terms that reflect the market factors

The Company's risk management is carried out by a central treasury department (of the Company) under policies approved by the board of directors. The board of directors provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the company. The company is exposed to this risk for various financial instruments, for example by granting loans and receivablestocustomers, placing deposits, etc.

The company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables,
- loans and receivables carried at amortised cost, and
- deposits with banks

a) Credit risk management

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

C: High	Trade receivables	30.95	30.95	30.95

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

Trade receivables

The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due.

Other financial assets measured at amortised cost

Other financial assets measured at amortised cost includes loans and advances to employees, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

- b) Expected credit losses

Trade receivables

- (i) The company recognises lifetime expected credit losses on trade receivables using a simplified approach and uses historical information to arrive at loss percentage relevant to each category of trade receivables.
- (ii) Reconciliation of loss allowance provision from beginning to end of reporting period:

Reconciliation of loss allowance	Trade receivables
Loss allowance on 1 April 2016	30.95
Add (Less): Changes in loss allowances due to bad debts	-
Loss allowance on 31 March 2017	30.95
Add (Less): Changes in loss allowances due to bad debts	-
Loss allowance on 31 March 2018	30.95

Other financial assets measured at amortised cost

Company provides for expected credit losses on loans and advances by assessing individual financial instruments for expectation of any credit losses. Since this category includes loans and receivables of varied natures and purpose, there is no trend that the company can draw to apply consistently to entire population. For such financial assets, the Company's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Company does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

a) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

(All amount in INR Lakh unless stated otherwise)

	As at 31 March 2018	As at 31 March 2017	As at 01 April 2016

- b) Interest rate risk

- i) Liabilities

The Company's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2018, the Company is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Company's investments in fixed deposits all pay fixed interest rates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

Interest rate risk exposure

Below is the overall exposure of the Company to interest rate risk:

Interest rates – increase by 100 bps (31 March 2017 100 bps)*	(30.66)	(252.65)

* Holding all other variables constant

ii) Assets

The Company's fixed deposits are carried at amortised cost and are fixed rate deposits. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

c) Price risk

The Company does not have any significant investments in equity instruments which create an exposure to price risk.

52 CAPITAL MANAGEMENT

The Company's capital management objectives are

- to ensure the Company's ability to continue as a going concern
- to provide an adequate return to shareholders

The Company monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Company's various classes of debt. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

53 FIRST TIME ADOPTION OF IND AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 3 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 01 April 2016 (the Company's date of transition). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A Ind AS optional exemptions
1 Deemed cost for property, plant and equipment, investment property and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets and investment property covered by Ind AS 40 Investment Property. Accordingly, the Group has elected to measure all of its property, plant and equipment, intangible assets and investment property at their previous GAAP carrying value.

2 Deemed cost for investments in subsidiaries and joint ventures

The Group has elected to continue with the carrying value of all of its investments in subsidiaries, joint ventures and associates recognised as of 1 April 2016 (transition date) measured as per the previous GAAP as its deemed cost as at the date of transition.

B Ind AS mandatory exceptions
1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

2 Classification and measurement of financial assets and liabilities

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

3 Impairment of financial assets

At the date of transition to Ind AS, determining whether there has been a significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, the Company has recognised a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognised.

C Reconciliations between Previous GAAP and Ind AS

Total comprehensive income for the year		3,086.32	(673.90)	2,412.42

* The previous GAAP figures have been reclassified to confirm to Ind AS presentation requirements for the purpose of this note.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

Note – 1

Measurement of financial assets and financial liabilities at amortised cost

Under previous GAAP, all financial assets and financial liabilities were carried at cost.

Under Ind AS, certain financial assets and financial liabilities are subsequently measured at amortised cost which involves the application of effective interest method. In applying the effective interest method, an entity identifies fees that are an integral part of the effective interest rate of a financial instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or financial liability. For certain financial liabilities, the fair value of the financial liability at the date of transition to Ind AS has been considered as the new amortised cost of that financial liability at the date of transition to Ind AS.

Note – 2

Adjustment for Government grant recognised as deferred income and amortised on a systematic basis

Under previous GAAP, capital grant relating to assets were recognised directly in equity. Under Ind AS Government grants shall be presented in the balance sheet by setting up the grant as deferred income and deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

Note – 3

Adjustment for leasehold land obligation accounted as finance lease and amortised over period of lease

Under previous GAAP, the leasehold land is recorded and classified as fixed assets. Under Ind AS, leasehold land is recognised as operating lease or finance lease as per definition and classification criteria. The Company has classified its leasehold land as finance lease as per the terms of agreement and amortised it over the period of lease.

Note – 4

Prior period items

Under previous GAAP, prior period items are included in determination of net profit or loss of the period in which the error pertaining to a prior period is discovered and are separately disclosed in the statement of profit and loss. Under Ind AS, material prior period errors are corrected retrospectively.

Note – 5

Recognition of loss allowance for expected credit losses on financial assets measured at amortised cost

Under previous GAAP, provision for doubtful debts was recognised based on the estimates of the outcome and of the financial effect of contingencies determined by the judgement of the management of the Company. This judgement was based on consideration of information available up to the date on which the financial statements were approved and included a review of events occurring after the balance sheet date.

Under Ind AS, a loss allowance for expected credit losses is recognised on financial assets carried at amortised cost. Expected loss on individually significant receivables is assessed when they are past due and based on company's historical counterparty default rates and forecast of macro-economic factors. Other receivables have been segmented by reference to the industry of the counterparty and other shared credit risk characteristics to evaluate the expected credit loss. The expected credit loss estimate is then based on recent historical counterparty default rates for each identified segment.

Note – 6

Revenue and changes in inventories recognised and lease adjustment on assets received from customers

Under previous GAAP, there was no guidance for accounting of assets received from customers.

Under Ind AS, assets received from customer have been cosidered as operating leases and lease rent has been charged in the profit and loss on the basis of usage of assets. Correspondingly, revenue has been grossed up with amount of lease rent for sold units and lease rent of unsold units have been charged to inventories.

Note – 7

Excise duty

Under previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS the revenue from sale of goods is presented inclusive of excise duty. The excise duty is presented on the face of the Statement of profit and loss as part of expenses.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)
Note – 8

Other adjustments

Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

Adjustment for derivative contracts

The fair value of forward foreign exchange derivative contracts is recognised under Ind AS, and was not recognised under Indian GAAP.

Adjustment for reversal of amortisation of goodwill recognised in business combination prior to transition date

Under Indian GAAP, goodwill arising on business combination is amortised over a period not exceeding five years. Under Ind AS, goodwill is not amortised but required to be tested for impairment.

Note – 9

Tax effect of adjustments

Under previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base. In addition, various transitional adjustments has also led to recognition of deferred taxes on new temporary differences.

Note – 10

Adjustment for compulsory convertible debentures

Under Indian GAAP, the compulsory convertible debentures were classified as liability and interest payable thereon was treated as finance cost. Under Ind AS, compulsory convertible debentures are separated into liability and equity components based on the terms of the contract. Interest on liability component is recognised using the effective interest method.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF AMBER ENTERPRISES INDIA LIMITED

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Amber Enterprises India Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group' which comprise the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (consolidated financial performance including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act. The respective Board of Directors/management of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

4. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these consolidated financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
7. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on these consolidated financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs (consolidated financial position) of the Group as at 31 March 2018, and its profit (consolidated financial performance including other comprehensive income), their Consolidated cash flows and the Consolidated changes in equity for the year ended on that date.

Other Matter

9. The Company had prepared separate sets of statutory financial statements for the year ended 31 March 2017 and 31 March 2016 in accordance with Accounting Standards prescribed under Section

INDEPENDENT AUDITOR'S REPORT (Contd.)

133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) on which we issued auditor's reports to the shareholders of the Company dated 10 July 2017 and 9 August 2016 respectively. These financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have also been audited by us. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

10. As required by Section 143(3) of the Act, based on our audit on separate financial statements and other financial information of the subsidiaries, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statement have been kept so far as it appears from our examination of those books;
 - c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under Section 133 of the Act;
 - e) On the basis of the written representations received from the directors of the Holding Company, taken on record by the Board of Directors of the Holding Company and Subsidiary Companies, none of the director of

the Group companies are disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act;

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, and its subsidiary companies covered under the Act and the operating effectiveness of such controls, refer to our separate report in 'Annexure I';
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in Note 42 to the consolidated financial statements;
 - ii. The Group, did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies covered under the Act during the year ended 31 March 2018;
 - iv. The disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016 which are not relevant to these consolidated financial statements. Hence, reporting under this clause is not applicable.

Statutory Reports

ANNEXURE I

INDEPENDENT AUDITOR'S REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ('THE ACT').

1. In conjunction with our audit of the consolidated financial statements of Amber Enterprises India Limited (the Holding Company) and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') as at and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Holding Company and its subsidiary companies, which are companies covered under the Act, as at that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

2. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the Guidance Note) issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

AUDITOR'S RESPONSIBILITY

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company and its subsidiary companies as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI and deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained

and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company and its subsidiary Companies, as aforesaid.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ANNEXURE I (Contd.)**Opinion**

8. In our opinion, the Holding and its subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2018, based on the internal control over Financial Reporting criteria established by the Holding Company considering the essential components of internal control stated in Guidance Note issued by the ICAI.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018

1. CORPORATE INFORMATION AND STATEMENT OF COMPLIANCE WITH INDIAN ACCOUNTING STANDARDS (IND AS)

Amber Enterprises India Limited (the "Company" or "the Holding Company"), together with its subsidiaries (collectively referred to as the "the Group") a public limited company domiciled in India and having its registered office situated at C-1, Phase II, Focal Point, Rajpura Town, Punjab - 140401, India was incorporated in 1990, under the Companies Act 1956, is engaged in the business of manufacturing a versatile range of products i.e. Air conditioners, microwave ovens, washing machines, refrigerators, heat exchangers, sheet metal components etc. Currently, the Group has eleven manufacturing facilities in India out of which three manufacturing facilities are operating in tax exemption zone.

The financial statements of the Group have been prepared to comply in all material respects with accounting principles generally accepted in India, including Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act. The consolidated financial statements up to year ended 31 March 2017 were prepared in accordance with the accounting standards prescribed under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014 (as amended) ("Previous GAAP") and other relevant provisions of the Act.

These financial statements for the year ended 31 March 2018 are the first financial statements which the Group has prepared under Ind AS. For purpose of comparatives, financial statements for year ended 31 March 2017 and opening Balance Sheet as at 1 April 2016 are also prepared under Ind AS. Refer note 52 for an explanation of how the transition from previous GAAP to Ind AS has affected the Group's financial position, financial performance and cash flows.

2. BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES

a. Basis of preparation

The financial statements have been prepared on accrual and going concern basis under historical cost convention except for certain financial instruments and plan assets, which are measured at fair values. The accounting policies are applied consistently to all the periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1 April 2016 being the date of transition to Ind AS, except where the Group

has applied certain exemptions upon transition to Ind AS.

The significant accounting policies and measurement bases have been summarised below.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and as per terms of agreements wherever applicable. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

Basis of consolidation

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. Profit/(loss) and OCI ('OCI') of subsidiaries acquired or disposed of during the period are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable. All the consolidated subsidiaries have a consistent reporting date of 31 March 2018.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Profit/(loss) and each component of OCI are attributed to the equity holders of the parent company and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. The Group attributes total comprehensive income or loss of the subsidiaries between the

owners of the parent and the non-controlling interests based on their respective ownership interests.

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the group. Such a change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

b. Revenue recognition

Revenue is recognised to the extent it is probable that future economic benefits will flow to the Group and the revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable net of related rebates. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from operations

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Revenue in respect of tool development and job charges is recognised as per the terms of the contract with the customers.

Interest income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc.

Dividend

Dividend are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be

measured reliably.

Insurance claims

Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

c. Inventories

Inventories are valued at the lower of cost and net realisable value. Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- Raw materials: cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- Finished goods and work in progress: cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost is determined on first in, first out basis.
- Stores and spares, consumables and packing materials cost includes direct expenses and is determined on the basis of first in first out method.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

d. Income taxes

Tax expense recognised in the statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income (OCI) or directly in equity.

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. Current tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (i.e. in OCI or equity depending upon the treatment of underlying item).

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside statement of profit and loss (in OCI or equity depending upon the treatment of underlying item).

e. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

f. Foreign currency transactions

The financial statements are presented in Indian Rupee ('INR' or '₹') which is also the functional currency of the Company.

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/expenses, as the case maybe.

g. Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair

value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below:

Non-derivative financial assets

Subsequent measurement

- i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost, if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

- ii. **Investments in equity instruments** – The Group subsequently measures all equity investments at fair value. Dividends from such investments are recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss.

Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the weighted-average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.

Financial Section	112-252
Statutory Reports	25-111

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables: In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets: In respect of its other financial assets, the Group assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Group measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Group compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

De-recognition of financial assets

A financial asset is primarily de-recognised when the contractual rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification

is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments

Initial and subsequent measurement

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

h. Fair value of financial instruments

In determining the fair value of its financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

i. Property, plant and equipment ('PPE')

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and definition of asset is met. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

In case an item of property, plant and equipment is acquired on deferred payment basis, interest expenses included in deferred payment is recognised as interest expense and not included

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

in cost of asset.

Subsequent measurement (depreciation and useful lives)

Depreciation on fixed assets is provided on straight line method based on life prescribed as per Schedule II of the Companies Act, 2013.

Block of asset	Useful life as per Companies Act, 2013 (in years)
Building	30-60
Plant and machinery	15
Computer	3
Furniture and fixture	10
Office equipment	5
Vehicles	8 – 10
Leashold lands	Lease term

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

j. Intangible assets
Recognition, initial measurement and subsequent measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual

project are recognised as an intangible asset when the Group can demonstrate:

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

During the period of development, the asset is tested for impairment annually.

Amortisation methods and periods

The Group amortises intangible assets with a finite useful life using the straight-line method over the following periods:

	Useful life (in years)
Computer softwares	6
Development costs	7
Technical know-how	10
Customer relationships	6
Trade name	9
Patents and trademarks	6

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

k. Capital work-in progress

Cost of material consumed and erection charges thereon along with other direct cost incurred by the Group for the projects are shown as capital work-in-progress until capitalisation.

l. Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For this purpose, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units). If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

m. Leases

As a lessee

Leases of property, plant and equipment where the Group, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line

basis over the period of the lease, unless the increase in rent is to compensate the lessor for the effects of inflation.

n. Borrowing costs

Borrowing costs directly attributable to the acquisitions, construction or production of a qualifying asset are capitalised during the period of time that is necessary to complete and prepare the asset for its intended use or sale. Other borrowing costs are expensed in the period in which they are incurred and reported in finance costs.

A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. Capitalisation of borrowing costs is suspended in the period during which the active development is delayed due to, other than temporary, interruption.

o. Provisions, contingent liabilities and contingent assets

Provisions are recognised when present obligations as a result of a past event will probably lead to an outflow of economic resources and amounts can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises when there is a presence of a legal or constructive commitment that has resulted from past events, for example, legal disputes or onerous contracts. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Group can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In those cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no liability is recognised.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or

- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

p. Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on a straight-line basis over the expected lives of the related assets and presented within other income.

q. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard 19- Employee Benefits.

Defined benefit plans

Gratuity

The Group operates one defined benefit plan for its employees, viz. gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method. Actuarial gain and loss for the defined benefit plan is recognized in full in the period in which they occur in other comprehensive income.

Other long term benefits

Accumulated leave expected to be carried forward beyond twelve months, is treated as long term employee benefit. Such long term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit.

Liability under continuity linked key resource and deferred salary schemes is provided for on actuarial valuation basis, which is done as per the projected unit credit method at the end of

each financial period.

Defined contribution plans

Provident fund

The Group makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. The plan is a defined contribution plan and contribution paid or payable is recognised as an expense in the period in which services are rendered by the employee.

Short-term employee benefits

Expense in respect of other short term benefits is recognised on the basis of the amount paid or payable for the period during which services are rendered by the employee.

r. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

s. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting done to the chief operating decision maker. The Group operates in a single operating segment and geographical segment

3. RECENT ACCOUNTING PRONOUNCEMENT

In March 2018, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2018, notifying Ind AS 115, Revenue from contract with customers, Appendix B to Ind-AS 21, Foreign currency transactions and advance consideration and amendments to certain other standards. These amendments are applicable to the Group from 1st April, 2018. The Group will be adopting the amendments from their effective date.

Ind AS 115: Revenue from Contracts with Customers

Ind AS 115 supersedes Ind AS 11, Construction contracts and Ind AS 18, Revenue. Ind AS 115 requires an entity to report information regarding nature, amount, timing and uncertainty of revenue and cash flows arising from contract with customers.

Statutory Reports	25-111	Financial Section	112-252
-------------------	--------	-------------------	---------

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

The principle of Ind AS 115 is that an entity should recognize revenue that demonstrates the transfer of promised goods and services to customers at an amount that reflect the consideration to which the entity expects to be entitled in exchange for those goods and services. The standards can be applied either retrospectively to each prior reporting period presented or can be applied retrospectively with recognition of cumulative effect of contracts that are not completed contracts at the date of initial application of the standard.

Based on the preliminary assessment performed by the Group, the impact of application of standard is not expected to be material.

Appendix B to Ind AS 21, Foreign currency transaction and advance consideration

The appendix clarifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the asset, expense or income (or part of it) is the date on which an entity initially recognizes the non-monetary asset or non-monetary liability arising from the payment of receipt of advance consideration towards such asset , expenses or income . If there are multiple payments or receipt in advance , then an entity must determine an transaction date for each payments or receipts of advance consideration.

Based on the preliminary assessment performed by the Group, the impact of application of appendix is not expected to be material.

Significant accounting judgements, estimates and assumptions

When preparing the financial statements management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses.

The actual results are likely to differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

Information about significant judgments, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses are discussed below:

Significant judgements:

(i) Evaluation of indicators for impairment of non-financial assets

The evaluation of applicability of indicators of impairment of non-financial assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

(ii) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised. The recognition of deferred tax assets and reversal thereof is also dependent upon management decision relating to timing of availment of tax holiday benefits available under the Income Tax Act, 1961 which in turn is based on estimates of future taxable profits.

(iii) Contingent liabilities

The Group is the subject of certain legal proceedings which are pending in various jurisdictions. Due to the uncertainty inherent in such matters, it is difficult to predict the final outcome of such matters. The cases and claims against the Group often raise difficult and complex factual and legal issues, which are subject to many uncertainties, including but not limited to the facts and circumstances of each particular case and claim, the jurisdiction and the differences in applicable law. In the normal course of business, management consults with legal counsel and certain other experts on matters related to litigation and taxes. The Group accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated.

Sources of estimation uncertainty:

(i) Provisions

At each balance sheet date, basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from management's estimates.

(ii) Fair valuation of financial instruments

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

(iii) Recoverability of advances/receivables

At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables and advances.

* The Holding Company has received show cause notice from Deputy Commissioner of Central Excise against which a reply date 24 April 2017 has been filed.

** Includes amount paid under protest INR 15.29 Lakh (31 March 2017 : INR 2 Lakh ; 01 April 2016 INR 2 Lakh). Also, the amount appearing above is after netting off INR 14.57 Lakh already provided for in the books of accounts.

*** Includes amount paid under protest INR 37.81 Lakh (31 March 2017 : INR 37.81 Lakh ; 01 April 2016 : INR 37.81 Lakh). Also, the amount appearing above is after netting off INR 9.32 Lakh already provided for in the books of accounts. The Subsidiary Company has been intimated of demand aggregating INR 0.05 Lakh (previous year INR 1.19 Lakh) for various assessment years (as above) on account of non/late filing of TDS returns, and incorrect submissions of data with income tax authorities. The Subsidiary Company believes that on rectification of submissions with tax authorities, such demand shall be dismissed. Further, it has received a demand of INR 44.11 Lakh for assessment year 2009-10 vide order dated 28 December 2011 from income tax department. The Subsidiary Company filed an appeal with CIT (Appeal) and vide order dated 3 January 2014 from CIT(Appeal), the demand against the company was lowered to INR 16.27 Lakh. The Subsidiary Company had recognised this amount as a provision, however, revenue department has preferred an appeal with ITAT against the subsidiary Company. Accordingly, INR 27.85 Lakh had been disclosed as a contingent liability in previous year. In current year, ITAT vide order dated 17 April 2017 held that cross objection filed by the subsidiary company and appeal by CIT(A) stand dismissed and raised demand of INR 18.92 Lakh which has been provided in the books. As on date there is no intimation as to whether the department has preferred an appeal against ITAT order.

**** Includes amount paid under protest INR 29.07 lacs (31 March 2017 : INR 29.07 lacs ; 01 April 2016 : INR nil). Also, the amount appearing above is after netting off INR 12.41 lacs (31 March 2017 : INR Nil lacs ; 01 April 2016 : INR Nil lacs) already provided for in the books of accounts.

***** The Payment of Bonus (Amendment) Act, 2015 dated 31 December 2015 (which was made effective from April 01, 2014) revised the thresholds for coverage of employee eligible for Bonus and also enhanced the ceiling limits for computation of bonus. However, taking cognizance of the stay granted by various High Courts and based on legal opinion obtained by the management, the Company has not recognised any differential amount of bonus for the period 01 April 2014 to 31 March 2015 (INR 11.38 lacs) and accordingly has recognised the expense as per the amended provisions w.e.f. 01 April 2015 and onwards.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

***** The Subsidiary Company has been served with orders in FY 2014-15 under Minimum Wages Law claiming INR 22.29 lacs for payment of wages below minimum wages. Also, the amount appearing above is after netting off INR 19.36 lacs (31 March 2017 : INR Nil lacs ; 01 April 2016 : INR Nil lacs) already provided for in the books of accounts.

(v) Actuarial assumptions

(All amount in INR Lakh unless stated otherwise)

Description	31 March 2018	31 March 2017	01 April 2016
Discount rate	7.50% - 7.75%	7.50% - 7.75%	7.50% - 8.00%
Rate of increase in compensation levels	5.00% - 6.00%	5.00% - 6.00%	5.00% - 6.00%
Expected rate of return on plan assets			
Retirement age	58 - 60 years	58 - 60 years	58 - 60 years

Notes:

- 1) The discount rate is based on the prevailing market yield of Indian Government bonds as at the balance sheet date for the estimated terms of obligations.
- 2) The estimates of future salary increases considered takes into account the inflation, seniority, promotion and other relevant factors.
- 3) Plan assets comprise funds managed by the insurer i.e. Life Insurance Corporation of India ('LIC').
- 4) The Company makes annual contributions to the LIC of an amount advised by them for Rajpura unit only.
- 5) The best estimated expense for the next year is INR 70.62 Lakh.

(vi) Sensitivity analysis for gratuity liability

(All amount in INR Lakh unless stated otherwise)

Description	31 March 2018	31 March 2017
Impact of change in discount rate		
Present value of obligation at the end of the year	378.98	285.10
- Impact due to increase of 0.50 - 1.00 %	295.11	257.22
- Impact due to decrease of 0.50 - 1.00 %	368.24	318.22
Impact of change in salary increase		
Present value of obligation at the end of the year	378.98	285.10
- Impact due to increase of 0.50 - 1.00 %	368.98	265.40
- Impact due to decrease of 0.50 - 1.00 %	294.15	216.89

The above sensitivity analysis is based on a change an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied which was applied while calculating the defined benefit obligation liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to previous year

(vii) Maturity profile of defined benefit obligation

(All amount in INR Lakh unless stated otherwise)

Description	31 March 2018	31 March 2017

Beyond 5 years	401.84	292.87

50 FAIR VALUE DISCLOSURES

i) Fair values hierarchy

Financial assets and financial liabilities measured at fair value in the statement of financial position are divided into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)
ii) Financial assets measured at fair value - recurring fair value measurements

The following table shows the levels within the hierarchy of financial liabilities measured at fair value on a recurring basis.

Description	Level	31 March 2018	31 March 2017	01 April 2016	Valuation technique
Financial liabilities					
Investment in unquoted equity instruments	Level 3	571.49	-	-	- Consideration paid*
Financial liabilities					
Put liability for acquisition of minority interest (refer note 53)	Level 3	2,225.80	-	-	- Future value pricing formulae
Forward payable	Level 2	-	3.80	-	- Valued using forward pricing model

* The Group has made an investment of INR 571.49 Lakh for acquisition of 1,040,149 equity shares of Ever Electronics Private Limited ("Ever") on 30 March 2018, the amount paid has been considered as fair value as on 31 March 2018.

Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the periods ended 31 March 2018 and 31 March 2017:

	Unquoted equity intruments	Put liability
As at 1 April 2016	-	-

Other financial liabilities	Level 3	2,254.02	2,254.14	-	-	-	-
Total financial liabilities		8,067.84	8,070.46	24,779.82	24,779.82	23,009.10	23,012.34

The management assessed that cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, short term borrowings and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

- Long-term fixed-rate receivables are evaluated by the Group based on parameters such as interest rates, individual creditworthiness of the customer and other market risk factors.
- The fair values of the Group's loans and receivables are determined by applying discounted cash flows ('DCF') method, using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own nonperformance risk as at 31 March 2018 was assessed to be insignificant.
- The Group has major of its borrowings at variable rate which are subject to changes in underlying interest rate indices. Further, the credit spread on these facilities are subject to change with changes in Group's creditworthiness. The management believes that the current rate of interest on these loans are in close approximation from market rates applicable to the Group. Therefore, the management estimates that the fair value of these borrowings are approximate

to their respective carrying values.

ii) Risk Management

The Group's activities expose it to market risk, liquidity risk and credit risk. The Group's board of directors has overall responsibility for the establishment and oversight of the Group's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost	Aging analysis	Bank deposits, diversification of asset base, credit limits and collateral.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
Market risk - foreign exchange	Recognised financial assets and liabilities not denominated in Indian rupee (INR)	Cash flow forecasting	Forward contract/hedging, if required
Market risk - interest rate	Long-term and Short-term borrowings at variable rates	Sensitivity analysis	Negotiation of terms that reflect the market factors

The Group's risk management is carried out by a central treasury department (of the Group) under policies approved by the board of directors. The board of directors provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk and investment of excess liquidity.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the Group. The Group is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The Group's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

- cash and cash equivalents,
- trade receivables,
- loans and receivables carried at amortised cost, and
- deposits with banks

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)
a) Credit risk management

The Group assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the Group, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Group assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low

B: Medium

C: High

Assets under credit risk –

(All amount in INR Lakh unless stated otherwise)

Credit rating	Particulars	31 March 2018	31 March 2017	01 April 2016
A: Low	Loans	1,968.16	1,497.03	1,272.58
	Investments	571.49	-	-
	Other financial assets	1,729.74	976.06	573.87
	Cash and cash equivalents	11,941.38	1,659.36	582.30
	Other bank balances	1,439.62	1,864.48	1,316.29
B: Medium	Trade receivables	37,857.23	31,009.06	24,763.65
C: High	Trade receivables	30.95	39.79	30.95

Cash & cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

Trade receivables

The Group closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Group assesses increase in credit risk on an ongoing basis for amounts receivable that become past due.

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes loans and advances to employees, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

b) Expected credit losses
Trade receivables

- (i) The Group recognizes lifetime expected credit losses on trade receivables using a simplified approach and uses historical information to arrive at loss percentage relevant to each category of trade receivables
- (ii) Reconciliation of loss allowance provision from beginning to end of reporting period:

Reconciliation of loss allowance	Trade receivables
Loss allowance on 01 April 2016	30.95
Add: Change in loss allowance during the year	8.84
Loss allowance on 31 March 2017	39.79
Add: Changes in loss allowances due to write-back	(8.84)
Loss allowance on 31 March 2018	30.95

Other financial assets measured at amortised cost

The Group provides for expected credit losses on loans and advances by assessing individual financial instruments for expectation of any credit losses. Since this category includes loans and receivables of varied natures and purpose, there is no trend that the Group can draw to apply consistently to entire population. For such financial assets, the Group's policy is to provide for 12 month expected credit losses upon initial recognition and provides for lifetime expected credit losses upon significant increase in credit risk. The Group does not have any expected loss based impairment recognised on such assets considering their low credit risk nature, though incurred loss provisions are disclosed under each sub-category of such financial assets.

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Group maintains flexibility in funding by maintaining availability under committed facilities. Management monitors rolling forecasts of the Group's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Group takes into account the liquidity of the market in which the entity operates. In addition, the Group's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

a) Financing arrangements

The Group had access to the following undrawn borrowing facilities at the end of the reporting period:

(All amount in INR Lakh unless stated otherwise)

	31 March 2018	31 March 2017	01 April 2016
- Expiring within one year (cash credit and other facilities)	38,279.87	30,608.88	16,651.14
- Expiring beyond one year (bank loans)	-	-	-
	38,279.87	30,608.88	16,651.14

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice.

b) Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity based on their contractual maturities for all non-derivative financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

- b) Interest rate risk

- i) Liabilities

The Group's policy is to minimise interest rate cash flow risk exposures on long-term financing. At 31 March 2018, the Group is exposed to changes in market interest rates through bank borrowings at variable interest rates. The Group's investments in fixed deposits all pay fixed interest rates.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

Interest rate risk exposure

Below is the overall exposure of the Group to interest rate risk:

(All amount in INR Lakh unless stated otherwise)

52 CAPITAL MANAGEMENT

The Group's capital management objectives are

- to ensure the Group's ability to continue as a going concern
- to provide an adequate return to shareholders

The Group monitors capital on the basis of the carrying amount of equity less cash and cash equivalents as presented on the face of balance sheet.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure while avoiding excessive leverage. This takes into account the subordination levels of the Group's various classes of debt. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, or sell assets to reduce debt.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

- (i) The Company has written a put option as well as have a call option to buy the remaining stake upon exercise, with an intention to buy the remaining stake. Accordingly, no minority interest was recognised. The Company has to pay fair value based on value pricing formulae in future and not at fixed price. Under risk neutral frame work, as on valuation date the fair value of remaining stake would remain the same as it is currently for the rest, and therefore it has been measured at pro-rata basis.
- (ii) Goodwill here represents residual asset value attributable to unidentified intangible assets acquired by acquirer. It will not be deductible for tax purposes.

b. Consideration transferred

The acquisition of ₹ 5,442.50 was settled in cash. Legal costs for acquisition amounting to INR 50.31 lacs are not included as part of the consideration transferred and have been recognised as an expense in the consolidated statement of comprehensive income, as part of 'other expenses'.

c. Measurement of fair value of identifiable net assets

The valuation model for fair valuation of property, plant and equipment considers quoted market prices for similar items when available, and depreciated replacement cost when appropriate. Depreciated replacement cost reflects adjustments for physical deterioration as well as functional and economic obsolescence. Intangible assets are fair valued based on the relief-from-royalty method and multi-period excess earnings methods. The relief-from-royalty method considers the discounted estimated royalty payments that are expected to be avoided as a result of the patents or trademarks being owned. The multi-period excess earnings method considers the present value of net cash flows expected to be generated by the customer relationships, by excluding any cash flows related to contributory assets. The fair value of the trade and other receivables acquired as part of the business combination amounted to ₹ 3,841.84, with a gross contractual amount of ₹ 3,841.84. As of the acquisition date, the Group's best estimate of the contractual cash flow not expected to be collected amounted to Nil.

d. Revenue and profit contribution

The acquired business contributed revenue of INR 11,274.97 Lakh and profit of INR 232.99 Lakh to the group for the period 31 March 2018.

If the acquisitions had occurred on 01 April 2017, consolidated pro-forma revenue and profit for the year ended 31 March 2018 would have been INR 241,559.97 lacs and INR 6,166.44 lacs respectively.

55 FIRST TIME ADOPTION OF IND AS

These are the Group's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 3 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 01 April 2016 (the Group's date of transition). An explanation of how the transition from previous GAAP to Ind AS has affected the Group's financial position, financial performance and cash flows is set out in the following tables and notes.

A Ind AS optional exemptions

1 Deemed cost for property, plant and equipment and intangible assets

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the Previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets. Accordingly, the Group has elected to measure all of its property, plant and equipment and intangible assets at their Previous GAAP carrying value.

2 Impairment of financial assets

At the date of transition to Ind AS, determining whether there has been a significant increase in credit risk since the initial recognition of a financial instrument would require undue cost or effort, the Group has recognised a loss allowance at an amount equal to lifetime expected credit losses at each reporting date until that financial instrument is derecognised.

Financial Section	112-252
Statutory Reports	25-111

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

B Ind AS mandatory exceptions

1 Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with Previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2016 are consistent with the estimates as at the same date made in conformity with Previous GAAP. The Group made estimates for impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under Previous GAAP.

2 Classification and measurement of financial assets and liabilities

The classification and measurement of financial assets will be made considering whether the conditions as per Ind AS 109 are met based on facts and circumstances existing at the date of transition.

Financial assets can be measured using effective interest method by assessing its contractual cash flow characteristics only on the basis of facts and circumstances existing at the date of transition and if it is impracticable to assess the use of effective interest method, fair value of financial asset at the date of transition shall be the new carrying amount of that asset. The measurement exemption applies for financial liabilities as well.

C Reconciliations between Previous GAAP and Ind AS

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from Previous GAAP to Ind AS.

Note – 1

Measurement of financial assets and financial liabilities at amortised cost

Under Previous GAAP, all financial assets and financial liabilities were carried at cost.

Under Ind AS, certain financial assets and financial liabilities are subsequently measured at amortised cost which involves the application of effective interest method. In applying the effective interest method, an entity identifies fees that are an integral part of the effective interest rate of a financial instrument. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or financial liability. For certain financial liabilities, the fair value of the financial liability at the date of transition to Ind AS has been considered as the new amortised cost of that financial liability at the date of transition to Ind AS.

Note – 2

Adjustment for Government grant recognised as deferred income and amortised on a systematic basis

Under Previous GAAP, capital grant relating to assets were recognised directly in equity. Under Ind AS Government grants shall be presented in the balance sheet by setting up the grant as deferred income and deferred income is recognised in profit or loss on a systematic basis over the useful life of the asset.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)

Note – 3

Adjustment for leasehold land obligation accounted as finance lease and amortised over period of lease

Under Previous GAAP, the leasehold land is recorded and classified as fixed assets. Under Ind AS, leasehold land is recognised as operating lease or finance lease as per definition and classification criteria. The Group has classified its leasehold land as finance lease as per the terms of agreement and amortised it over the period of lease.

Note – 4

Prior period items

Under Previous GAAP, prior period items are included in determination of net profit or loss of the period in which the error pertaining to a prior period is discovered and are separately disclosed in the statement of profit and loss. Under Ind AS, material prior period errors are corrected retrospectively.

Note – 5

Recognition of loss allowance for expected credit losses on financial assets measured at amortised cost

Under Previous GAAP, provision for doubtful debts was recognised based on the estimates of the outcome and of the financial effect of contingencies determined by the judgement of the management of the Group. This judgement was based on consideration of information available up to the date on which the financial statements were approved and included a review of events occurring after the balance sheet date.

Under Ind AS, a loss allowance for expected credit losses is recognised on financial assets carried at amortised cost. Expected loss on individually significant receivables is assessed when they are past due and based on Group's historical counterparty default rates and forecast of macro-economic factors. Other receivables have been segmented by reference to the industry of the counterparty and other shared credit risk characteristics to evaluate the expected credit loss. The expected credit loss estimate is then based on recent historical counterparty default rates for each identified segment.

Note – 6

Revenue and changes in inventories recognised and lease adjustment on assets received from customers

Under Previous GAAP, there was no guidance for accounting of assets received from customers.

Under Ind AS, assets received from customer have been considered as operating leases and lease rent has been charged in the profit and loss on the basis of usage of assets. Correspondingly, revenue has been grossed up with amount of lease rent for sold units and lease rent of unsold units have been charged to inventories.

Note – 7

Excise duty

Under Previous GAAP, revenue from sale of goods was presented net of excise duty whereas under Ind AS the revenue from sale of goods is presented inclusive of excise duty. The excise duty is presented on the face of the Statement of profit and loss as part of expenses.

Note – 8

Other adjustments

Other comprehensive income

Under Ind AS, all items of income and expense recognised in a period should be included in profit or loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in profit or loss but are shown in the statement of profit and loss as 'other comprehensive income' includes re-measurements of defined benefit plans. The concept of other comprehensive income did not exist under Previous GAAP.

Adjustment for derivative contracts

The fair value of forward foreign exchange derivative contracts is recognised under Ind AS, and was not recognised under Previous GAAP.

Adjustment for reversal of amortisation of goodwill recognised in business combination prior to transition date

Under Previous GAAP, goodwill arising on business combination is amortised over a period not exceeding five years. Under Ind AS, goodwill is not amortised but required to be tested for impairment.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31ST MARCH, 2018 (Contd.)
Note – 9
Tax effect of adjustments

Under Previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base. In addition, various transitional adjustments has also led to recognition of deferred taxes on new temporary differences.

Note – 10
Adjustment of compulsory convertible debentures

Under Previous GAAP, deferred tax was accounted using the income statement approach, on the timing differences between the taxable profit and accounting profits for the period. Under Ind AS, deferred tax is recognized following balance sheet approach on the temporary differences between the carrying amount of asset or liability in the balance sheet and its tax base. In addition, various transitional adjustments has also led to recognition of deferred taxes on new temporary differences.
